INSTALLATION

Inserire gli angolari nei profili fino al completo incastro per formare la cornice.

Insert the corner brackets into the profiles until fully locked to form the frame.

Posizionare il pannello all'interno della cornice assemblata.

Place the panel inside the assembled frame.

Fissare le molle sui bordi interni della cornice.

Fix the springs on the inner edges of the frame.

Praticare il foro nel controsoffitto rispettando le misure indicate.

Drill the hole in the false ceiling according to the specified dimensions.

Collegare l'alimentatore ed inserire la cornice con il pannello nel controsoffitto.

Connect the power supply and insert the frame with the panel into the false ceiling.

FOCUS

Cornice in alluminio da incasso a filo superficie, ideale per un'installazione pulita e minimale del pannello LED, perfettamente integrata con il soffitto. Pannello non incluso.

Aluminium recessed frame for flush-mounted installation, ideal for a clean and minimal look with perfect ceiling integration. Panel not included.
