

Expert CYL-9 MultiConstruction drill bit

As a set

BOSCH

Application:

Ideal for drilling holes in various materials. Can be used in impact drilling for concrete and stone and rotary drilling for clay brick, tiles, panels, wood and plastic.

Advantage:

- Up to five times more precise than a standard drill bit
- Precise drilling with the patented Bosch Centering Geometry.
- The cylindrical shank is suitable for keyed drill chucks.
- The first choice for building work: maximum precision and versatile.

Art. no.	70180452
Brand	BOSCH
Manufacturer Part Number	2608900649
Tool holding device	Cylinder shank
Composition of set	4; 5; 6; 8 mm
Number of pieces in assortment/set	4 PCS
Harmonized System Code	82075090
Gross Weight	0.095 kg
